Vote for Budget #2 = -2.9% (DECREASE) and Elector Resolutions

- This Town Council wants to control the Casino money by ordinance and take away your FTR.
- TTA is fighting for you, but if this Town Council wins this could be your last FTR.
- Budget #2 limits spending and uses Casino revenue to lower most tax bills, even after the revaluation.

This might be your only opportunity to use the Casino money to lower your taxes.

The Budget Committee wants to use the lion's share of the Casino revenue to cover increased town spending.
